

# MeeGo Panel Discussion

## The State of the MeeGo Project

**Noriaki Fukuyasu**

**Director of Linux Foundation Japan Operations**

**Panel Leader**

# Panel Structure

- Introduction of Panelists
- Overview of the MeeGo Project
- Panel Discussion
- Audience Q & A

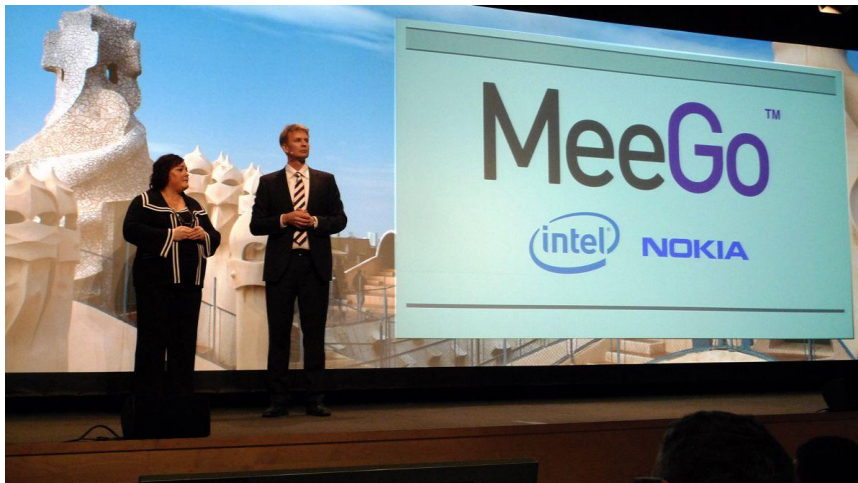

# Panel Participants

- Hiroshi Doyu  
Senior Engineer, Core SW, MeeGo Devices  
Nokia
- Mark Skarpness  
Director of MeeGo Systems Engineering  
Intel Corporation
- Ibrahim Haddad, Ph.D.  
Director of Technical Alliances  
The Linux Foundation

## Feb 15, 2010 MeeGo Announcement

- Intel and Nokia announced new collaborative project called MeeGo that joins their Moblin and Maemo efforts into a single open source project
- MeeGo unifies Moblin and Maemo to provide next generation of open source platform for client devices

# Question 1

- **What is MeeGo? What does MeeGo offer that was not provided by Maemo and Moblin?**

(MeeGoとは何か？ Moblin、Maemoとの違いは？)

## Question 2

- What is (are) the area (s) MeeGo is focusing on? Handset? Tablets? IVIs? Etc.

(MeeGoがターゲットとする端末は??)

## Question 3

- **Is MeeGo an open source project and how can individuals and companies participate in the project?**

(MeeGoはOSSプロジェクトなのか？どのように参加するのか？)

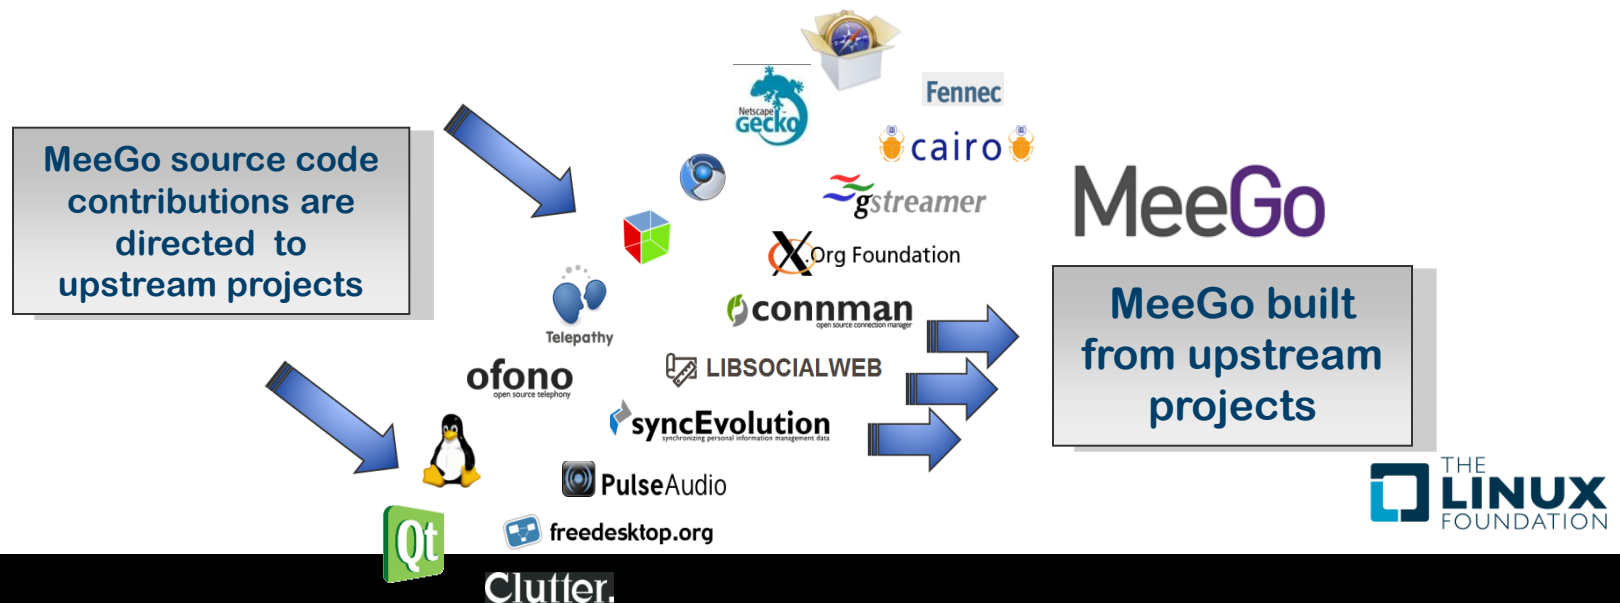

- **Follow-up questions:**

- Who develops MeeGo? (誰が開発しているのか？)
- Who is the “MeeGo Community”? (MeeGo Communityって？)
- Is there any cost to participate in the MeeGo project? (参加に費用はかかるの？)

## Question 4

- **What are the benefits to participate MeeGo development process?** (MeeGoの開発に携わる利点は?)
- **Follow-up question:**
  - What is the relation between MeeGo and upstream projects? (“MeeGo” と “Upstream Project” との関係は??)

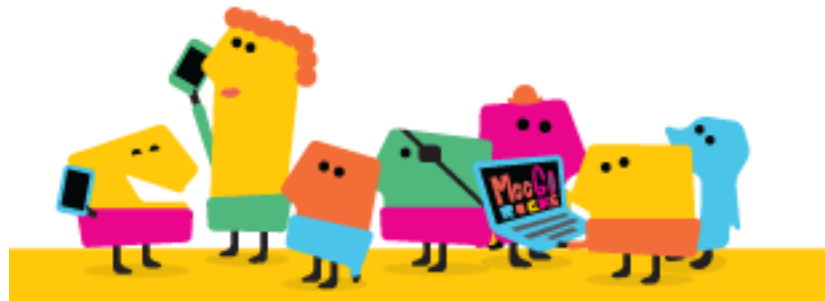

## Question 5

- **What is the role of each of these companies in the MeeGo Project?**
  - Intel
  - Nokia
  - Linux Foundation

(MeeGoプロジェクトにおけるIntel, Nokia, Linux Foundationそれぞれの役割は?)

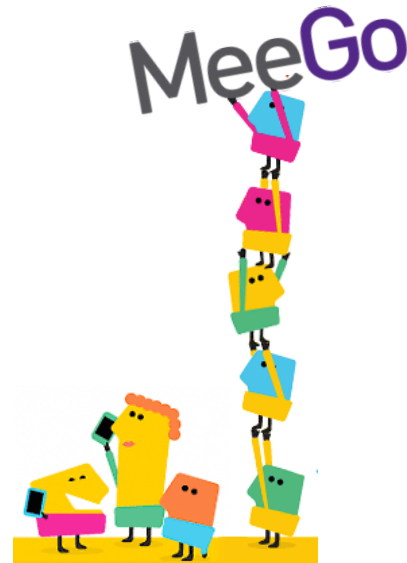

## Question 6

- **What are the strength of MeeGo? What are the highlights compare to the other options?**

(MeeGoの強みは？他の選択肢と比較して特筆すべき点は？)

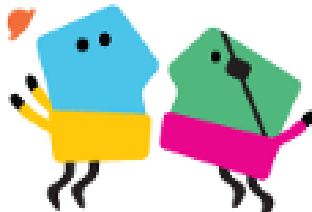

## Question 7

- Is there a single license ? Under which license is MeeGo is released?

(MeeGoのライセンス体系は?)

## Question 8

- **MeeGo is a trademark owned by the Linux Foundation. How can companies use the name MeeGo in their products?**

(MeeGoの商標はLinux Foundationが保有していますが、MeeGoで製品を開発する企業はどのように使えば良いか?)

## Questions 9

- Where can we download applications for MeeGo devices?

(MeeGo用のアプリケーションはどこから入手出来るか?)

# Finally, Please Join Us !

- **Status of Working Groups**
- **How to Participate:**
